

Scott Gregory's innovative program, Beyond QuickBooks®: Making Sense of Your Numbers, gets you the financial insights needed to make sound business decisions – quarter after quarter, year after year. **Sound Business Decisions Require Sound Numbers – Beyond What Your Bookkeeper Can Provide!**

## How will *Beyond QuickBooks: Making Sense of Your Numbers* benefit my business?

- ✓ Show you how to get more cash in the bank
- ✓ Discover ways to make more by selling the same amount
- ✓ Understand which products/services are really making money, and which aren't
- ✓ Create a financial roadmap that extends far beyond the balance in your bank account
- ✓ Tap into the expertise of Scott's 30+ years in the field of small-business finance

## What does the *Beyond QuickBooks: Making Sense of Your Numbers* program provide me?

- ✓ Creates a personalized plan to make your business more efficient and profitable
- ✓ Offers business-specific insights, such as a review of inventory and accounts receivable management practices, cash flow analysis, return on marketing investments, and more.
- ✓ Provides comprehensive, forward focused insights and ideas
- ✓ Gives you the ability to gain confidence about the financial results of your business

## What's included in the *Beyond QuickBooks* quarterly review?

- ✓ Thorough review of your QuickBooks information
- ✓ Identification of potential problems and recommended resolution plans
- ✓ Development, review and monitoring of your business financial goals and a road map to get there
- ✓ 90 minute phone consultation each quarter

## What is my investment for the *Beyond QuickBooks* program?

- ✓ Packages are custom designed for the needs of your business, and they start at \$795 per quarter

## Why choose Scott Gregory?

- ✓ Scott brings over 30 years of hands-on accounting, finance, inventory, QuickBooks, and e-commerce insights to his clients. This includes more than a decade as CFO for a \$15 million business. He gets it when it comes to the finances of small businesses.
